Our Land Team

Elivia Homes have an enviable reputation in their respective regions as award winning housebuilders, committed to delivering bespoke and sustainable developments of up to 300 homes that customers aspire to live in.

We have forged successful relationships with land owners, planning authorities and local communities to deliver high quality, design led residential schemes in sought after locations.

We work closely with land agents and surveyors, and are actively seeking sites and development opportunities, whether or not they benefit from planning permission.
